Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. It is also allowed to link to the download page from websites and communities. We have no file size limit. Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehostingprovides an easy possibility for you to send large files to your friends. No account or credit card is required to get started. Just upload the file you want to sharewith your friends

and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. So try our freeand simple filehosting service now. If only we could, we surely would! On the other hand, using file can actually save you money. File is free to use with nogotchas and no hidden fees. You can give this download link to your friends by mail or instant messenger. You decide who you want to share your files with. You don't need any special software installed to be able to download your files. Your wallet will be none-the-lighter! Just so we're all 100% clear here: Whenyou share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Simply upload your fileand share the link. There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files).

and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. Any file in any format can beuploaded and downloaded for free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costingyou money in data storage fees. Unfortunately, we can't make that part free.
